

1) Get your API Keys

<http://developer.constantcontact.com/api-keys.html>

2) Get Your Mashery Account and register to use it with the Constant Contact API.

<https://constantcontact.mashery.com/member/register>

The screenshot shows a registration success page for the Constant Contact API. At the top, the Constant Contact logo is displayed. Below the logo, there is a navigation bar with three buttons: "Home", "IO Docs", and "API Keys". The "API Keys" button is highlighted with a blue background. The main content area features a large, bold heading "Registration Successful". Below this heading, a message states "You have successfully registered as user1729." In the bottom left corner of the content area, there is a small "Powered by Mashery" logo.

Registration Successful

You have successfully registered as **user1729**.

Next Steps

1. Apply for access to the [API](#)
2. Read the [API Documentation](#) for instructions on making calls.
3. Build something awesome.

3) Register your website with Constant Contact
